January 19, 2009

Today we stop to commemorate the leadership of Dr. King, and in his memory, dedicate a day of service to our community. I am spending my day working at the West Mill Creek Recreation Center and at the Winchester Center. I hope each of you is able to take some time out of your day to help as well.

But as we know, service to our community shouldn't be something we do once a year as a special occasion. Our community has real needs, and in these troubling economic times, it is more important than ever that we all pitch in however we can. Let's make other days like today; "a day on," rather than "a day off."

Sincerely,

Seth
