U.S. Senator Arlen Specter(D) Enthusiastically Endorses Democratic Nominee for District Attorney Seth Williams

Philadelphia---As a former District Attorney for the City of Brotherly Love Senator Arlen Specter knows first hand what it takes to be the DA, and he believes Democratic Nominee Seth Williams is the only choice for the job. "Seth Williams is a great, great candidate," says Senator Specter, "because of his history and his promise for the future of the city. Being District Attorney here in Philadelphia was one of the toughest jobs I've ever had and I'm happy to see that it will be taken over by a young man with a lot of drive and a lot of talent."

"The history of the DA's office in Philadelphia is one of excellence," says Mr. Williams, "and I am humbled and honored to follow in the footsteps that Senator Specter and so many other excellent District Attorneys have left behind."

Senator Specter's endorsement is one of the many that Seth has received in the last few days alone, including the Philadelphia Federation of Teachers.
